HOPE OF RAILWAY PEACE IS RENEWED

MOTHER TO STAND BY HER SON WHO KILLED HIS DAD

Kansas City Woman Says
Husband Behaved in
Strange Manner.

SECRETARY IS SILENT

Stenographer Refuses to
Tell of Death Scene
in Business Den.

(By the Associated Press)
KANSAS CITY, Sept. 7.—Efforts to obtain today from Mrs. Helen Groh, stenographer in the office of James Garver, a statement regarding the shooting of her employer yesterday by his son, Roy Garver, were without avail. Soon after the shooting Mrs. Groh, who is the widow of a haberdasher, disappeared and she was not at her home last night. This morning she returned to her home, but steadfastly refused to see reporters.

One version of the shooting told to police yesterday by friends of the Garver family, involved the elder Garver's reputed hasty temper and Mrs. Groh. The statement was that Mrs. Groh was whistling or humming at her work, and was reprimanded by Garver and then discharged.

The younger Garver entered as she was leaving the office and upon learning the cause, went to his father's private office, where the shooting occurred.

Heard Angry Voices.
Mrs. Groh declared she had heard the angry voices, but did not know the subject under discussion.

Shortly after Roy Garver was arraigned last yesterday and held without bond on a charge of first degree murder, his mother and sister sought an interview with the younger man.

With tears streaming down her withered cheeks, Mrs. Garver walked down the jail corridor and whispered to the marshal: "I want to see my baby boy before I go to sleep tonight."

The interview was brief, for the mother was almost overcome with grief and she was hurried from the building.

"I am going to stand by my boy," the mother said. "James (referring to her husband) has acted so strangely for the last few months."

County Grand Jury May Probe Failure of Big State Bank

(By the Associated Press)
OKLAHOMA CITY, Sept. 7.—Intimation that the Oklahoma county grand jury, recently convened here, will investigate the failure of the Wilkin-Hale State Bank of Oklahoma City, was given today in the action of County Attorney Hughes in his endeavor to communicate with depositors of the defunct institution. John Hale, an official of the bank, is already under indictment from Canadian county in connection with alleged irregularities in banking transactions.

WASHINGTON OBSERVES BRAZIL CENTENNIAL

WASHINGTON, Sept. 7.—The first Brazilian centennial was observed today generally in diplomatic circles of the capital, although due to the absence of many officials of embassies and legations, the only formal celebration was a reception held at the Brazilian embassy by Ambassador D'Almeida.

TAX PAYERS NOTICE! Paying Taxes Due

Notice is hereby given that paying taxes are now due for paying construction on East Main Street, North Mississippi Avenue, South Johnston Avenue, South Stockton Avenue, and Alleys in the business district. Such taxes are due before the 15th day of September, after which date the installment and interest will be placed upon the delinquent tax list and will bear interest at the rate of 18 per cent per year. All payments should be made promptly to the Commissioner of Accounting and Finance of the City of Ada, Oklahoma.

J. C. DEEVER, City Clerk and Commissioner of Accounting and Finance.

Leaders in Strike Move

Above, Attorney General Daugherty at his desk, and Judge James H. Wilkerson, who granted the injunction. Below, Samuel Gompers, left and Bert M. Jewell, head of the striking shopmen.

That future developments in the railroad shopworkers' strike will center around the injunction recently obtained by Attorney General Daugherty, is the general belief. The injunction, granted by Judge James H. Wilkerson of Chicago, prevents striking shopmen, their officers, members of their unions and affiliated bodies of the A. F. of L. from interfering with the operation of the railroads. Samuel Gompers, A. F. of L. president, has referred to the injunction as "exercising a power never dreamed of in the history of the republic."

Morton is Arrested for Alleged Effort to Help Jail Break

Cecil Morton looked out from behind bars at the county jail Thursday morning as the result of an attempted jail break at the city hall early this morning in which he is alleged to have been the "outside man."

County and city officers said they found a number of wrenches and a crow bar near the city jail. No prisoners escaped. A motive for the alleged attempt has not been uncovered, members of the sheriff's force said.

Morton, according to officers, is a former convict and has a record for his age for the number of times he has been arrested.

Grand Jury Will Not Indict Unarmed Men in Herrin Outrages

(By the Associated Press)
MARION, Sept. 7.—The special grand jury investigating the Herrin massacre will not return indictments against those members of the mob who were not armed and who did not incite the killing of the employees of the Lester strip mine. June 22, Assistant Attorney General Middlekauff announced today. The jury is welcoming the testimony of these men, it was added.

Holy Smoke! Negro Flees as He Sees Body of Suicide

LOS ANGELES, Sept. 7.—An unidentified negro driving a team through a park last night saw a human body dangling from a tree limb. He jumped from his wagon and fled. The uncontrolled team ran away and smashed two automobiles and wrecked the wagon against a tree.

Police aided the automobile parties, captured the team, removed the body of the suicide and started a search for the driver. At the latest report he had not been found.

SHAWNEE UNION MEN SAY PUBLIC IS WITH STRIKE

95 Percent of Sentiment
Favors Shopcrafts is
Leader's Belief.

RAP RAILWAY TACTICS

Roads Hired Men From the
Slums as Substitutes,
They Complain.

(By the Associated Press)
SHAWNEE, Sept. 7.—The largest meeting of union men since the inception of the shopmen's strike on July 1 was held at the convention hall yesterday afternoon, all of the chairs on the main floor being occupied and the greater part of the gallery was filled.

It had been announced several days ago that the meeting would be addressed by transportation men, members of the local brotherhoods, but following the conference just before the meeting the chairman announced that because of the rules of the organizations, it would not be possible to carry out this part of the program.

"Sandy" Watson opened the meeting and said that in the absence of other speakers he had something to say at this time:

Most of People With Them.
"We believe that 95 per cent of the people of the United States believe that our cause is right and that we have a perfect right to withhold our labor when we are asked to take a reduction in wages, which was what the order of the labor board actually meant to us," said Mr. Watson.

"I think we should get together and talk things over. We don't want to run any merchant out of town but I don't think any merchant should stand behind his counter and favor a reduction in wages." Here the speaker reviewed the events from the period of the inception of the strike.

"I want to say to you that there is not a place in the country where the railroads have mechanics who are performing the work. They have combed the country and are advertising in the newspapers every day to get men to do the work.

Make Up Church Bodies.

"Our people make up the great body of the members of the churches the fraternal orders, and pay the taxes. On the other hand the railroads have gone into the slums of New York and Chicago and got men and some of these men are in Shawnee today. Three meal tickets are handed out to each one of them as they go out to work every day. I don't think anyone can say that we shopmen are not the average citizens of this country."

"Some of our business men have been taking men to one side and urging them to go back to work because the strike was lost."

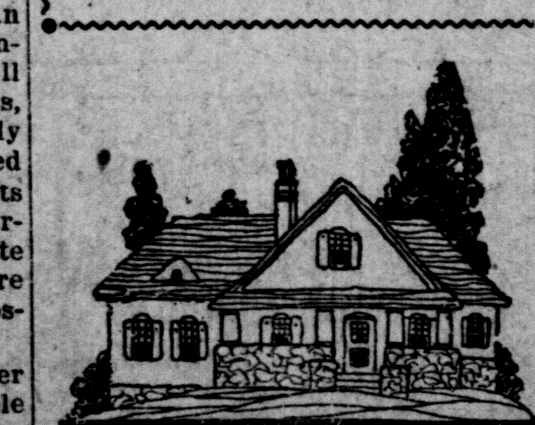

FYLLING PARSON IS KILLED AS PLANE FALLS

RUTLAND, Vermont, Sept. 7.—Melvin Maynard, known as the "flying parson" was killed while flying at Rutland fair today.

Lieut. Charles Woods, of Ticonderoga, N. Y., and Charles Minnett of New York, a mechanic, also were killed. The plane fell from a height of 3,000 feet.

New M'Cormick Romance

Edward Krenn, twenty-eight, reported fiance of Mrs. Edith Rockefeller McCormick, fifty, inset.

(By Central Press)
CHICAGO, Sept. 7.—Do June-December romances run in the blood of the millionaire McCormick family?

"Yes" seems to be the answer if past events and present rumors are considered.

Some months ago came the startling news that Mathilda McCormick, seventeen year old heiress to the Harvester millions and the daughter of Harold F. McCormick and his divorced wife Edith Rockefeller, was to wed Max Oser, Swiss groom just a year or so younger than her father.

McCormick has just passed his fiftieth milestone in life's jaunt.

Mrs. McCormick is said to have objected to the proposed alliance of her daughter with the elderly

Swiss. Her father was non-committal.

Then Harold hid himself off to France and there wed the vivacious Polish opera star, Ganna Walska, who admits that she has seen but 28 summers come and go. Just before leaving for France Mr. McCormick started the country by submitting to a gland operation to restore his youth.

Now the report is out and apparently reliable, that Mrs. McCormick is to wed a Swiss architect, Edward Krenn, by name. His age is given as 28.

Mrs. McCormick according to reliable information—pardon the disclosure—is 50.

Does it run in the family? Three age-youth romances seem to indicate that it does.

KLAN SENDS \$100 TO ADA MINISTER

Work of Local Missionary
Praised in Note From
Invisible Order.

Rev. R. E. L. Ford, city Baptist missionary, publicly expressed his thanks Thursday to Ada Klan No. 27, Knights of the Ku Klux Klan, following the receipt of \$100 from that organization as a contribution toward his salary.

This is the third church offering made by the Ada organization within a week, the total aggregating \$145.00.

Following is the note which accompanied the offering:

REV. R. E. L. Ford,
Ada, Oklahoma.

Dear Bro. Ford:—
Enclosed herewith find one hundred dollars from Ada Klan No. 27, Knights of the Ku Klux Klan as a contribution to your salary as City Missionary. We realize the importance of the great work in which you are engaged and wish to show our appreciation and interest in a material way.

This organization stands for a good clean citizenship, law enforcement and the Protestant Christian religion. We wish to assure you of our support and sympathy and of our appreciation of your efforts.

May the Lord bless you and may great results for good be the fruits of your labors.

Sincerely yours,
Ada Klan No. 27,
Knights of the Ku Klux Klan.
Realm of Oklahoma.

TEXAS MAN SUICIDES AT KONAWA WEDNESDAY

Roe Lemon, 60, committed suicide near Konawa Wednesday morning at 4 o'clock by shooting himself, according to word which reached Ada Thursday. He lived at Vamoosa, Texas, but had been visiting near Konawa for the past month. Lemon was a brother of Bob Lemon of Francis.

POLICY GROUP TO MEET MONDAY IN CHICAGO PARLEY

Separate Agreement With
52 Class 1 Roads is
Latest Scheme.

CHIEFS WILL NOT TALK

Executives Deny That Any
Overtures are Under
Serious Debate.

(By the Associated Press)
CHICAGO, Sept. 7.—With the railroad shopcrafts' policy committee of 90 summoned to meet in Chicago next Monday, hope of an early or partial settlement of the rail strike was renewed today.

These hopes were founded principally on the call of the union's policy committee meeting and the statement by strike leaders on the possibility of a separate agreement with 52 of the Class 1 roads.

Railroad executives generally either denied that peace overtures had been considered in the conference with union leaders, or declined to comment upon rumors of an impending settlement. Some insisted that the strike was broken.

NOONAN DENIES THAT MEETING IS BEING HELD

(By the Associated Press)
WASHINGTON, Sept. 7.—There are not any conferences now in progress between leaders of the railroad strikers and railroad presidents, and none have been held since the formal gatherings in New York last month, it was asserted today by J. P. Noonan, chief of the brotherhood of electrical workers, which is one of the seven railroad unions on national strike.

INJUNCTION IS SOUGHT AGAINST RECENT ORDER

(By the Associated Press)
WASHINGTON, Sept. 7.—A petition for an injunction was filed today in the supreme court of the District of Columbia against United States Attorney Gordon and United States Marshal Snyder, marshal for the District of Columbia, by the International Brotherhood of Electrical Workers. James Noonan, president, and Charles Ford, secretary, would restrain Gordon and Snyder from enforcing in the District of Columbia the provisions of the blanket injunction granted to Attorney General Daugherty in Chicago last week.

Federal-State Peace Strained in Actions of U. S. Authorities

(By the Associated Press)
MUSKOGEE, Sept. 7.—Relations between federal and state authorities became strained today as a result of a writ of certiorari having been issued in the United States district court by Judge Youmans of Ft. Smith, Ark., directing the county attorney to surrender to the federal authorities all records in the former's prosecution of Tom Slayton, deputy United States marshal who is charged with shooting J. M. M. ns, while Slayton was guard in the M. K. & T. railroad yards. County authorities are further enjoined from proceeding with the prosecution.

Colonel Lee Dies at Home in Roanoke, Va.; Grandson of General

(By the Associated Press)
ROANOKE, VA., Sept. 7.—Col. Robert E. Lee, grandson of General Robert E. Lee, died here at 8:10 this morning.

Col. Lee had been ill for many months and came here about seven weeks ago from Hot Springs, Va. His wife mother and son were with him at the end.

The funeral will be held at Lexington at noon Saturday. Interment will be in the Lee mausoleum in Washington at Washington and Lee University.

BIBLE THOUGHT FOR TODAY

THE ASSURED HARVEST:—Be not deceived; God is not mocked; for whatsoever a man soweth, that shall he also reap.—Galatians 6:7

WHY NOT PONTOTOC DINNER?

When Eugene Fields was a reporter on one of the Chicago papers, he was instructed to make arrangements for the entertainment of a famous New Englander who was coming to the western city. Fields was a great fellow for jokes, and planned the banquet accordingly.

The banqueters filed into the large dining room and took their places. When they picked up the menu, they noticed that most of the famous French dishes were there, but when the food began to arrive, the guests were greatly surprised. Instead of some fancy French dish, corned beef and cabbage were served. Instead of a particularly tasting French bullion, old fashioned New England pot liquor was given the men at the table. The result was that the company had a most enjoyable occasion and were delighted with the wholesome food.

This is particularly interesting now when the chefs in the larger cities are considering changing the menus and using ordinary English terms. When this is done, there ought to appear on the bills of fare in St. Louis and other cities names as follows: Pontotoc Watermelon, Jackfork Turnips, Blue Valley Candid Yams, Muddy Boggy Catfish, Union Valley Spuds, Frisco Wyandotte Eggs, and on ad infinitum.

Another thing we might suggest would be a dinner with only Pontotoc County products served. With the exception of the pepper, salt and sugar, such a dinner as an epicure would gloat over could be cooked. We could have corned beef and cabbage or we could have sirloin steak seasoned with the right material to give it a high sounding French name.

THE TARIFF BILL

If the tariff bill now before congress becomes a law before the fall elections, the next house of representatives is almost certain to be Democratic. Even the strongest Republican newspapers are condemning it in no uncertain terms, and the Democrats are almost to a man against the measure.

Under the terms of this bill, almost every article used by the average person is put on the protective list and therefore will rise in price. It is worthy of notice, however, that the southern farmer will benefit little from the bill and even the southern manufacturers will not benefit like those in the North, generally speaking. In other words, the bill is little different from the bills of past, those which almost invariably have caused defeat of the Republican party. History is almost certain to repeat itself this fall.

BLAMING THE MIRROR

It is related in the early days of trading in the South Sea Island the traders on a vessel by way of gaining the good will of a band of natives gave each a small mirror. When the savages saw themselves as they really were, instead of feeling flattered they threw the mirrors into the sea and tried to murder the men who furnished them the means to see themselves as others saw them.

Some fool stunt one will say, but wherein does it differ from cases all around us every day? When a critic or newspaper holds a mirror to the face of an individual the chances are that such a one will act just as the savage did. At least it is certain that the majority will raise a rough house about it.

The Turks and Greeks have renewed their war and this time fortune appears to be on the side of the Turks. Greece lost her chance to pay off her old scores when she refused to take sides with the allies early in the war. To try to manage it single handed is some job.

Precedent is a chain which binds many to a slavery without reason. Just because a thing has been done in a certain way by others they shrink from a change. Progress is something that does not enter into their calculations.

The Ardmore calls attention to the the strange bed fellows politics makes. It cites the case of John Fields, posing as a conservative and appealing for the conservative vote, being backed by Senator Capper, a pronounced radical.

Far be it from us to advise any one to hold cotton or not to hold it, but if the hot dry weather keeps up for a few more weeks, we cannot see anything to keep cotton from going to higher prices.

It is a debatable question whether it is easier to stay put after attaining a moderate degree of prominence or working back after being a back number for a time.

Let a NEWS WANT AD get it for you.

HERE'S ONE JOB HE WON'T LOAF ON!

The Forum of the Press

A Rational Immigration Policy.

(Muskegon Phoenix)

Secretary Davis lays his hand upon the canker that is destroying the essence of Americanism, and fostering the red revolution among us. We are the victims of an immigration policy that has filled the land with men and women who have no conception of liberty except license to work their own wills. The country has been crowded by millions of the poorest stocks in Europe; and as these breed and pass into the third and fourth generation, we reach a social state before which lovers of their country may well stand aghast.

Our immigration policy in the past has been dictated by the great steamship companies and the great employers of labor. The former were out after steerage money, and they have combed Europe to fill their vessels. The latter wanted cheap and ignorant men. So long as they were huskies, so long as they made good in the lumber camps, the mines, the rolling mills, the lower they were in the intellectual and moral scale the better. For then they did not so soon insist on a decent wage and reasonable living conditions. But so long as these men could keep the gates open, they could always recruit their labor supply at the expense of their country and its institutions.

Temporarily we have placed a check on the invasion of the wretched hordes of Europe, never so threatening as it is today. But the existing law is little good, because it does not contain the right tests. As Secretary Davis says, as every intelligent man sees, these right tests are the personal record of the intending immigrant in the country from which he comes, and his promise of loyal, intelligent, active American citizenship.

Nobody can tell if he measures up to the standard but a man on the spot where he lives, and not an official of Ellis Island. Nobody can be trusted to winnow out the unfit but representatives of this country selected for that purpose. This is the form of immigration regulation that we must have, because it alone promises something; it alone is at the same time a protection and a safeguard for the future, already made dangerous by past indifference.

Those "Stupid" Teachers.

(Kansas City Journal)

On the eve of the reopening of the schools throughout the country, a justice of the supreme court of one of the Northwest, drawn down upon him considerable vigorous criticism by declaring, in passing upon a teachers' pension case:

"As there are few who are so stupid as to make of teaching a life business, the chances are that 100 persons must contribute to the fund for every person who wins a prize or pension. The conclusion is that the act in question does contravene the constitution and it is void."

The offending view is, of course, entirely apart from the court's construction of the law as affecting the particular case at bar. It lies in the wholly uncalled for affront to the self-sacrifice and devotion of teachers as a class, whose to their profession as a life work is declared to be "stupid."

It is to the credit of the judiciary that such a declaration stands out conspicuously as a bit of modernized Dogberryism that would be

ludicrous if it were not so flagrant and gratuitously unjust.

It is obvious that it is only the teacher's business if he or she makes teaching a life work. As a profession it outranks in consecrated service almost any other that might be named, though there is no need for comparison. As a matter of compensation it is the poorest paid of all. From the standpoint of dedication to the welfare of the race it has its heroism no less pronounced than the public service rendered by the law, or medicine—possibly it is not surpassed by the ministry itself.

At any rate, it is a wholly discreditable departure from either the truth or the proprieties for any court to brand as "stupidity" the splendid dedication of hundreds of thousands of men and women—mostly the latter—to the teaching profession, molding the lives of millions of boys and girls and leaving behind the ineffaceable impress of character, personality and influence.

AMUSEMENTS FOR CLUB BOYS AT THE CO. FAIR

Thursday Sept. 14th, 9 to 3 o'clock
This year the agricultural club boys will have a chance to carry off some prizes in athletic stunts as well as some prizes for fine corn, cotton, pigs etc. All of the events are open only to club boys.

The following events will be contested:

Mule and saddle race, open to A and B class boys. Class A boys are those weighing over 85 pounds.

Race will be to see which boy can saddle up his mule first, ride him 220 yards and take off his saddle. Winners of 1st place for A class boys, 1 pair of \$5.00 shoes, given by Shaws Department Store.

Mule and saddle race for B class boys weighing under 85 pounds, same as above. 1st prize \$5.00 hat given by Drummond and Alderson's Clothing Store.

Greased pole race open to all club boys. 1st prize \$5.00 pair of pants given by Simpsons.

Horse Shoe Tournament open to all club members. 1st prize \$3.00 cap, 2nd prize, \$2.00 suit given by M. C. Taylor.

Put on your clothes race. 1st prize to A class boys race, \$5.00 silk shirt given by Model Clothing Store.

1st prize to B class boys, \$5.00 rain coat given by Moser's Dept. Store.

100 yard dash open only to club boys under 85 pounds.

1st prize, \$5.00 all wool sweater given by Stevens-Wilson Dry Goods Company.

All agricultural club boys interested in these events should come to Boy Scout Headquarters at the Fair Grounds.

WORSTELL

Everybody has been gathering corn and picking cotton the past week.

After a successful term of two months school closed Friday. Miss Ruth Brand of Charma, New Mexico, is visiting relatives around here.

Mrs. Hallie Harris who visited her sister, Mrs. Hooker, near Stratford the past week has returned home.

Howard Beller of Roff has been visiting his cousin, Conzie Cowger. Laverne Cade was the guest of her cousin, Mildred Cowger, Sunday.

Miss Ortie Edwards who has been teaching at Worstell, returned to her home at Steedman Friday afternoon.

Mrs. Rebecca Allen is on the sick list this week.

Mrs. Cowger and Conzie visited Mrs. Cowgers' mother at Johnson last week.

Mrs. Ola Norman and family returned home after spending the week-end at Sulphur.

Bro. Ellis Roberts went to Horse Shoe bend Sunday to begin a revival at that place.

Grandma Perry went to visit her son near Horse Shoe bend.

Sunday School at Worstell every Sunday. All are invited to attend.

A good crowd attended Worstell Saturday night. Bro. Roberts preached.—Blue Bird.

FRANCIS FAIR WAS EXCELLENT

Good Exhibits and Large Attendance Mark Interesting Annual Event.

The Francis township fair was most efficiently handled and well attended Wednesday. The agricultural exhibits were fully up to the others previously held this year in number and quality. The livestock exhibits were not numerous but some good animals were displayed. The farm exhibits were placed on shelves on the sidewalk where they could be seen to best advantage and compared. It was very evident that there are good farmers in the township for the exhibits were well selected and showed that the people in that part of the county giving attention to just about everything that grows on a farm.

As at the other fairs of the season, the poultry exhibit was not extensive, probably due to the fear that the birds might not stand the hot weather.

Schools in Competition
The exhibits of Cedar Grove and Oakman schools made one of the outstanding features of the fair. The literary specimens were arranged on the walls of the lobby of the bank and were greatly admired. It was really hard to figure out which was superior. These exhibits afforded striking proof of the educational progress being made in Pontotoc county. Oakman club members also had a good display of farm and garden products.

Individual Exhibits
As evidence of what Pontotoc county can produce and what individuals can accomplish the exhibits of the Columbus Scroggin and Sloan Palmer families are worthy of more than passing interest. Mrs. Scroggin and two sons, Edgar and Earnest, aged 10 and 12, had a table on which there were 30 varieties of canned goods and 3 of other things. Besides this individual exhibit they were in competition in various other events, having 87 exhibits altogether. The boys are good club workers. The family carried off 15 ribbons and the money premiums that went with them. Mrs. Scroggin stated that she has more than 500 quarts of canned goods she has put up this season.

The Palmers displayed more than

30 exhibits besides those entered in the general class. A few families like these two could pull off a first class fair of their own.

Plenty of amusements had been provided and the various events drew the attention of a large crowd all the way along the streets. The fair managers did not want anyone to say he had had a dull day and they kept something going all afternoon.

Francis is a railroad town and the strike is on there as everywhere else but no one would suspect it unless he was told of it. It was stated that there has been no trouble during the ten weeks the strike has been on.

Political Announcements

The News is authorized to announce the following as candidates for the offices named, subject to the action of the Democratic primary.

State Offices
FOR DISTRICT JUDGE:
J. W. BOLEN

For State Senate:

British Destroyers to Force Surrender of 2 Seized Ships

(By the Associated Press)
BATUM, Russia, Sept. 7.—Russian port authorities have seized two more British vessels. When the British flag was lowered the soviet military band struck up "God Save the King" after which the red flag was hoisted to the strains of "International."

Word has been received here from Constantinople that if the ships are not released, the British will dispatch a fleet of destroyers to Batum and forcibly take them.

200 THEATER MEN MEET FOR STATE CONVENTION

(By the Associated Press)
OKLAHOMA CITY, Sept. 7.—Approximately 200 theater managers from all over the state gathered here today to shape new policies and accept new ideas to govern the operation of their houses during the coming season.

THIS NEW COAT HAS APPEARANCE OF WINTER SUIT

A trelaine mixture in brown and henna is the combination which goes to make this wrap which looks like a suit. Buffed rolls of self material form the trimming on the wide sleeves, the collar and the cape back. Henna silk peeps through the slashed rolls which are used at the top and bottom of each cluster of puffs.

WIVES TO DIVIDE KLONDIKE WEALTH

Second Spouse Insists on Sharing Comforts With Predecessor.

(By the Associated Press)
CHICAGO, Sept. 7.—Mrs. Lottie Bock, mate of John Bock, wealthy Californian, in the days of his poverty in Chicago, today was a step nearer a share of his fortune which was wrested from the gold fields of Alaska, after he deserted her to later bestow the comforts of wealth on a new wife, Eleanor.

Sought by wife No. 2 who insisted that the woman whose place she took should share in Bock's fortune, the first wife, found after a wide search in the obscure village of Dresser Junction, Wis., was with her hearth stone successor here.

The two wives met, according to Attorney Duffy, in his offices where preliminary arrangements for dividing the Bock fortune were made. Bock readily agreed to Eleanor's plan and as far as Alaska gold will do it, he is ready to pay his debt to the girl he left behind when he staked his claims in the Klondike years ago.

LAWTON—Arrival of officers assigned to the Field Artillery School of Fire, will begin at Ft. Sill Tuesday. One hundred are expected to be here and enroll in the school by September 10. The school opens September 15.

Thousands Of Women Are Now Taking This Newer Form Of Iron

Worn-out Housewife Tells How She Quickly Regained Her Health and Strength.

"Only a short time ago I was so tired, nervous and worn-out from the drain on my nerves and strength of household drudgery, that I thought I could not keep up another day. A short time ago I was so tired, nervous and worn-out from the drain on my nerves and strength of household drudgery, that I thought I could not keep up another day. A short time ago I was so tired, nervous and worn-out from the drain on my nerves and strength of household drudgery, that I thought I could not keep up another day."

"The above is a typical hypothetical case," says Dr. James Francis Sullivan, formerly physician of Bellevue Hospital (Out-Door Dept.), New York, and the Westchester County Hospital. "You cannot be well and strong and full of vigor, force and power unless your blood is rich in iron. It is your red blood that enables you to resist and overcome disease and that nourishes every organ in your body. Without iron your blood becomes thin, pale and watery. Your blood cannot nourish your vital organs and as a result you may have pains in your heart or kidneys, indigestion, headaches, and feel all 'cramped' and tired out."

When your blood lacks iron do not waste your time taking stimulating medicines or narcotic drugs, but directly enrich your blood with the newer form of iron sold by all druggists under the name of Malted Iron, which is like the iron in spinach, lentils, and apples, and is in a form easily assimilated into your blood. Get a bottle of Malted Iron today. Take it for two weeks and if you have not like thousands of others, obtained most surprising health, strength and energy, the manufacturer will refund your money. The following local druggists will sell you Malted Iron with the 'Malted Iron' and 'Malted Iron' brand.

Oklahoma County Leads State For Property Value

OKLAHOMA CITY, Sept. 7.—The total assessed value of property in the state of Oklahoma is approximately \$1,378,753,000, according to a total of county assessments made public after a recent hearing of the tax equalization commission. It was announced at the time the total was made public that there would be no state ad valorem tax this year. The above total was arrived at by adding the assessment returns submitted to the board from each of the 77 counties. Oklahoma headed the list in the total of assessed valuation, her total being \$121,020,350. Tulsa county was second with a total of \$112,436,495; Muskogee county third with \$45,935,380; Garfield county fourth with \$42,775,007; Payne county fifth with \$39,408,570. The remaining counties of the state averaged assessments in the 'teens of millions, with Adair county at the end of the list with an assessed valuation of \$3,222,157. Pontotoc county had \$14,504,756.

He Reported the Bell Telephone Company's Case

There are many avenues to success for the ambitious young man or woman with special business training. Take H. W., for example. He is reporter for the Oklahoma Corporation Commission, and recently finished reporting the Southwestern Bell Telephone Company's case.

This important task fell upon him because his training at HILL'S BUSINESS COLLEGE made him one of the fastest and most accurate stenographers in the Southwest. H. W. is holding a good position at a good salary. No doubt he will do as others have done before him, and obtain an even more lucrative position offered by some of the big men with whom he associates.

Stenography or any other form of business training prepares you for big things. If you are ambitious to succeed fill out and mail the coupon today. It will bring HILL'S SUCCESS BOOK, absolutely free. This book tells you everything you want to know about getting a business education. You are under no obligation. Enrollment every Monday. Send the coupon NOW, before you forget it.

WOMAN OWNS SHE KILLED AGED MAN

Mrs. Winborn Confesses to Murder Last Fall at Seattle, aWsh.

(By the Associated Press)
Mrs. Clara Winborn has confessed to the murder of Ferdinand Hochbrun, wealthy Seattle man, October 12 or 13, last, it was announced by W. E. Kent, lieutenant of detectives of Seattle, yesterday.

Mrs. Winborn, who was arrested here Sunday, has been held in the city prison for Seattle authorities. She said she drew a revolver to protect herself against improper advances from Hochbrun and shot him through the head, according to Lieut. Kent.

After shooting Hochbrun she took \$700 from his pocket, according to the confession, and left for San Francisco. Of this money, she sent \$250 she said, to her fiancé, Raymond Herrin, a telegraph operator in Kalamazoo, Mich.

Hochbrun, who was 72 years old, was a retired realty dealer. She was his ward and occupied a room in his house. His body was found in a vacant apartment in Seattle December 21, 1921.

Mrs. Winborn was arrested in Oakland where she has been working as a stenographer for several months.

Father from Chicago Believes Boy Killed at St. Clair His Son

(By the Associated Press)
ST. CLAIR, Mo., Sept. 7.—The body of a boy, found on the Frisco tracks a short distance from here was being held today pending the arrival from Chicago of J. J. Lotts, who believes he dead boy is his son, John, 13 years old, who ran away from home several days ago. The body was found Tuesday night. Railroad men who picked up the body expressed the belief that boy was killed while "stealing" a ride on a train in company with several other boys.

NEGRO MURDERER IS LYNCHED AT BEAUMONT

(By the Associated Press)
BEAUMONT, Sept. 7.—O. J. Johnson, negro, twice tried on a charge of murder in connection with the killing of a turpentine camp foreman near Hemphill four years ago, was taken from the jail at Newton at one o'clock this morning by a mob, strung to a tree, and then his body was riddled with bullets.

PLEA FOR HER INJURED HUSBAND SAVES WOMAN

(By the Associated Press)
FT. WORTH, Sept. 7.—A plea that she had attempted to cash a check of \$510 to obtain funds to take her injured husband back to her home in Unionville, Mo., won freedom for Mrs. Semlan Wingate in municipal court. The young woman said her husband, Harry Wingate, had been hurt in an explosion. The check was taken from the office of her former employer, who asked for leniency for the young woman.

POLICE FAIL TO LOCATE DAUGHTER OF PUBLISHER

LOUISVILLE, Ky., Sept. 7.—Police here today reported that no success had attended efforts to locate in Louisville Miss Caroline Shuster, described as 18 and pretty, daughter of Morgan Shuster, president of the Century Publishing company of New York City, who was reported to have disappeared from the home of her mother at Glasgow, Ky., Wednesday night.

The Boys' Clothes Question

It's an interesting subject to study and, as a rule, a most difficult problem to solve. We have studied boys' clothes—concluded that they are "bound to be boys", and that they must have a certain amount of sturdiness, along with the style, in the make of their garments.

- Suits of tweeds of all shades.
- Diagonal stripes in different colors.
- Fancy worsteds and serges.
- Prices we maintain are much lower than have existed in preceeding seasons.

\$5.95 to \$12.50

Other New Wearables Existing at Lower Prices

- Shirts and Waists in tans and stripes 95c
- Shoes \$2.95 up
- Hosiery 25c up
- Hats and Caps 95c up
- Underwear 75c

FREE

To the purchaser of a boys' suit costing as much as \$9.00 we will give a Pocket Ben "guaranteed for a year watch," which we sell regularly for \$1.50.

GOOD SOAP FOR LESS THAN TWO CENTS A POUND

Make It At Home By This Easy Process—Takes Less Than 30 Minutes.

Nowadays, more and more women are doing as their mothers did and are making their own soap. If you have never tried it, you will be surprised to see how easy it is to make good soap, soft soap, hard soap or floating soap, just by using kitchen scraps and waste grease together with a can of Merry War Lye, the safe and sure soapmaker.

In the old days when soap was made by the boiling process it took nearly all day to make a kettle of soap. Now it is hardly any work at all—requires no boiling—takes less than 30 minutes. Saves you money and gives you all

the pure, clean soap you need for kitchen, laundry and all household purposes.

You will find simple directions for soapmaking on the label of every can of Merry War Lye—also many other recipes such as how to make lye hominy, how to soften water, how to make clothes washing easy, how to brighten cooking utensils, etc.

Merry War Powdered Lye is also a wonderful cleanser and purifier for use about the home, barn, chicken house and outhouses. Comes in a convenient can with revolving sifting top that cannot come off, cannot get lost, recloses tightly and preserves contents. It is economical to buy and easy to use.

Ask your dealer for Merry War Lye—be sure you get "Merry War"—the lye that has made good for 33 years.

MERRY WAR LYE
"Makes Mighty Good Soap"

Announcement!

I have purchased the stock of Jackson Bros. Furniture Company and will continue the business at the same stand, corner of Twelfth and Townsend. The firm name will be the Shelton Furniture Co.

We handle a complete line of new and second hand furniture, rugs, and considerable office equipment. Your visit and consideration will be appreciated.

Disaster Overtakes Anadarko in First of Series Here

Ada Hangs Defeat Sign on Championship Rivals 7-0; Game Today May be Hotter

It did not look much like a state championship game Wednesday afternoon when the Ada Independents whitewashed Anadarko 7 to 0 in the opener of a series of three games here.

Paul Waner had almost perfect backing in the field and held the visitors to two scattered hits, with only three men getting to first during the entire game and only one going to second. Ada's infield was airtight and only five balls were hit past it.

Although the visitors were handicapped because of their long overland ride yesterday, Ada hit Morrison freely and won the game in the opening inning. After Waner had retired the visitors in order, Ada opened with a bombardment that netted two runs.

Osborn went down on an error and so did R. Waner. A single by Young scored Osborn and a fielder's choice scored R. Waner. Ada had the advantage of play during the entire game. At no time did the visitors threaten to score. In the sixth inning, when two Anadarko men were on with none down, a double play that almost resulted in a triple play, was pulled by the local infield.

Sloan Best Hitter.
Sloan was the only man of the visiting club that could take anything Waner had. He got both of Anadarko's singles, sending both to right field. Osborn and Woods did the hitting for Ada. Both were new men, obtained from Halderton.

A rally in which every Ada man batted was staged in the seventh, three hits, a walk and two errors netting five runs.

The second game will be played today. Lefty Williams will hurl for Ada. Manager Green expects to win all three of the games since the exhibition yesterday. There is a chance, however, he said, that the visitors would rally and prove a dangerous contender for honors of the series.

Score by innings:
First Inning.
Anadarko — MacLaughlin was thrown out by P. Waner; Bush went out swinging and the side retired when Fain accepted Gassaway's grounder. No runs, no hits, no errors.

Ada — Osborn went down on Gassaway's error; R. Waner attempted to sacrifice but was safe on Morrison's error. Young singled, scoring Osborn, and R. Waner scored on a fielder's choice with P. Waner safe at first and Young out at second; Rutledge singled, but the side retired when Kaiser was thrown out. Two runs, two hits, two errors.

Second Inning.
Anadarko — Three men were enough. Nowka and Stineberger whiffed and Garner grounded out to Fain. No runs, no hits, no errors.

Ada — Fain hit a long one to left and Sloan threw out Vernon. Osborn sent one to deep center for three sacks but the side retired when R. Waner grounded out. No runs, one hit, no errors.

Third Inning.
Anadarko — Sloan whiffed, Black popped to Fain and R. Waner accepted the short hit by Morrison. No runs, no hits, no errors.

Ada — Young and Woods picked wide one and P. Waner popped to Nowka to retire the side. No runs, no hits, no errors.

Fourth Inning.
Anadarko — Three up and three down — Laney (substituting for MacLaughlin) whiffed, Bush grounded to Fain and Gassaway hit a long one to right. No runs, no hits, no errors.

Ada — Rutledge grounded to short; Morrison threw out Kaiser and Fain hit another long one to center. No runs, no hits, no errors.

Fifth Inning.
Anadarko — Only three men up again — Young threw out Nowka, Garner flew out to left field; and Stineberger whiffed again. No runs, no hits, no errors.

Ada — Vernon went out swinging. Singles by Osborn and R. Waner were to no avail when Osborn was out trying to take third and Nowka threw out Young. No runs, two hits, no errors.

Sixth Inning.
Anadarko — Two men got to first this time when Sloan led off with a single through second. Black went down on Young's error with Sloan pulling up at second. A fast double play, which almost resulted in a triple play, sent Sloan and Morrison to the bench. P. Waner to Young to Rutledge. Laney was

thrown out by Fain. No runs, one hit, one error.

Ada — P. Waner, Woods and Rutledge retired in order. Waner fouling out to Black and Woods and Rutledge being thrown out. No runs, no hits, no errors.

Seventh Inning.
Anadarko — Bush, Gassaway and Nowka went out in order. Fain threw out Bush, Gassaway popped to R. Waner who made a shoestring catch, and Nowka was thrown out by R. Waner. No runs, no hits, no errors.

Ada — A furious rally netted five runs in this inning. Kaiser walked and Fain singled, Kaiser pulling up at second. Vernon sacrificed them around, with Kaiser and Fain both scoring a minute later on a long single by Osborn. R. Waner went down on Garner's error, Osborn pulling up at second. Young whiffed and P. Waner was safe on Sloan's error, filling the bases. Woods sent a long one to deep left for three bases, scoring Osborn, R. Waner and P. Waner. All nine men had batted when Rutledge grounded out. Five runs, three hits, two errors.

Eighth Inning.
Anadarko — Another man reached first in this inning. Garner popped out to Fain and Young threw out Stineberger. Sloan singled, but the side retired when Black popped to Fain. No runs, one hit, no errors.

Ada — Kaiser, Fain and Vernon were out to retire Ada for the last time. Kaiser was thrown out by Garner. Fain singled but a double play, Nowka to Gassaway, accounted for Fain and Vernon. No runs, one hit, one error.

Ninth Inning.
Anadarko — Three men ended the game when they were out in order. Morrison fouled out to Rutledge; Laney was thrown out by Young and Kavanias, batting for Bush, whiffed. No runs, no hits, no errors.

INDIANA COACH MAY USE NEW TRICKS IN SEEKING GRID TITLE

Experienced Men to Form Exclusive Squad When Training Opens.

(By the Associated Press)
BLOOMINGTON, IND., Sept. 7.—When the first call for football practice is sounded at Indiana University, Sept. 15, coach "Jumbo" Stiehm will undertake a new style of developing a Big Ten championship eleven from the hundred or more candidates expected to report.

Coach Stiehm will assign the experienced men from last year's varsity and freshmen teams to the first squad and will divide up less prominent material into three or four squads under the personal direction of an assistant. As material develops in each of these secondary squads, a transfer will be made to the first string aggregation and men who fall behind in the work of the first squad will be removed to the secondary teams. The freshmen eleven will be drilled independently of the varsity candidates, while the secondary squads of the men eligible for varsity competition will take the place previously occupied by the freshmen in scrimmages with the varsity.

Coach Stiehm, who is known as "Jumbo" from his six and one-half feet of sinewy height, learned football at Wisconsin where he was a member of the varsity squad. In his undergraduate career at Wisconsin he was a member of the football squad, basketball, water polo and track teams and of the baseball team. After graduating from Wisconsin, he was for one year at his old high school at Fort Atkinson, Wis., and then spent a year as coach at Ripon College, Wis., after which he took up his duties as head coach at the University of Nebraska.

During the five years at Nebraska, Stiehm's teams lost but two games and each year won the championship of the Missouri Valley Conference. Since coming to Indiana in 1916, he has developed a strong eleven each year. In 1919 his team won from Syracuse, undefeated champions of the East that season, and in 1920 he placed Indiana in third position in the Big Ten Conference.

It must be nice to be rich and have the grocer bluffed so that he is afraid to insist that his bill be paid.

CANADIAN WATERS WHERE BIG FISH ARE ABUNDANT

Fisherman desirous of catching giant fish need not seek the tarpon infested waters for Canadian waters, just over the border, yield fish that are enormous in size and endowed with hard fighting qualities. Almost every lake or stream in Canada has its record fish, but few if any of them can equal the catch of Frank Lapointe, a Sault Ste. Marie fisherman, who on July 2nd caught a 310 lb. sturgeon in Hatchewana Bay on the west end of Lake Superior about 25 miles north of the Soo. This monster fish was 8 feet long and was judged to be 100 years old. Many a fisherman would have been non-plussed as to the disposition of such large fish, but not Lapointe who realized \$275 from the sale of it to a New York fish merchant.

To fish in the waters of the Nipigon is the desire of every sportsman for the size and fighting qualities of red-speckled Nipigon trout will test the skill of the most expert "Izaak Walton." The record trout was caught with rod and line by Dr. Cook from Fort William. It measured 31½ inches from head to tail, 11½ inches across and weighed 14½ pounds.

Timagami Lake north of North Bay is the home of huge lake trout, so too, is Trout Lake in the French River district. This lake also is plentifully stocked with small-mouth black bass. Lake Nipissing and the various waters of the French River country yield monster luges.

Big Lac Nominique in the Laurentian Mountains, northwest of Montreal, contains exceptionally big pike, the record pike taken from this lake weighed 68 pounds.

The sportsman who will travel as far as Vancouver Island is assured rare sport in catching mammoth tree and king salmon.

Cleveland Americans Scouring Country to Get 1923 Material

(By the Associated Press)
CLEVELAND, Sept. 7.—With a roster of forty-one players under contract, the Cleveland Americans are scouring the country for material with which to bolster the 1923 lineup. It is estimated that \$100,000 has already been spent towards acquiring a club to bid for the American League pennant next year.

In addition to a number of players who have been recalled from minor league clubs, five pitchers, two outfielders and two infielders have been purchased in the past few weeks.

Eighteen pitchers are now on the Indian payroll, five having been recalled from clubs to which they were sent earlier in the season. Several fielders will also rejoin the Indians.

The new pitchers are Boone, Drake and Bedgood who were bought from the Chattanooga club of the Southern Association, George B. Winn of Nashville, in the same league, and C. B. Metevier from the Jersey City team of the International League. J. B. Shauta has Wichita Falls in the Texas League, been recalled from Chattanooga.

UNION VALLEY

Cotton picking time has started again.

Several from here are attending the revival at Stonewall.

Mrs. Ada Sparks and little daughter, Loreano, have returned from Henryetta where they have been visiting relatives.

Mr. and Mrs. Fritz Hatcher have gone to Gainesville, Florida, where Mr. Hatcher will attend the University.

Messrs. Blackwell and Durbin families spent Saturday night at Jesse.

William Riddle and Ben Hatcher made a business trip to Norman this week.

Mr. and Mrs. La Fever and family called on Mr. and Mrs. Allen of Lovelady Sunday afternoon.

Mrs. Mary Moore, from California, is visiting her sister, Mrs. Lowrey.

Mrs. and Mrs. Anderson of Ft. Worth are visiting the Messers. Scotts and other relatives here.

Mr. and Mrs. W. W. Jones and Miss Carol took supper with Mrs. Bell Carroll in Ada, Saturday evening.

John Murphy made a business

trip to southern Oklahoma this week.

Mrs. J. E. Young of Wapanucka spent Sunday night here with her sons before going on to Tulsa to visit relatives.

John Sparks made a business trip to Ada Monday.

Hallie Comstock and family spent Sunday with their parents, Mr. and Mrs. Lee Comstock of Ahosco.

Bro. Fox filled his regular appointment Sunday.

Mr. and Mrs. Cleve Fish went to Jesse Monday.

MINE DELEGATES BEGIN WORK ON RATIFICATION

WILKESBARRE, Sept. 7.—Delegates representing the anthracite miners, called to ratify the settlement between operators and hard coal miners, got down to work today in an effort to ratify the peace pact as soon as possible.

The convention of miners from the three districts of the United Mine Workers in the anthracite region started yesterday with more than 100 representatives of the coal diggers unions present.

Pennsylvania Team Opens Annual Fall Gridiron Training

(By the Associated Press)
PHILADELPHIA, Sept. 7.—Approximately 50 players will comprise the University of Pennsylvania football squad which Coach John W. Heisman will take to Gretna for three weeks of preliminary training.

The selection of Mount Gretna, an hour's ride from this city, was made necessary because Franklin Field will not be ready for use until a few days before the opening game on September 30. Since the first week in May it has been in the hands of the construction company which is building the university's new stadium with a seating capacity of 51,000. Work on the stadium has progressed to such an extent that the structure is now pretty well up and seats are being put in place. The formal dedication will take place October 28, the occasion of the football game with the Naval Academy. President Harding has been invited to attend the game.

The material for this year's eleven, while not containing many veterans, is considered by Heisman the most promising in several seasons. Of last year's regular, the following form the nucleus of the squad that goes to Mount Gretna:

Captain J. K. Miller, halfback, Carl Ertrevas, end; John Thurman, guard; Frank Sutherland, guard; and A. E. Hamer, fullback. Among the substitutes who look most promising to the coaches are John Derr, who is counted upon for center; Alvard Voegelin, Frank Wittmer and George Sullivan. Wittmer and Voegelin are halfbacks, while Sullivan despite his lightheadedness starred last year at end.

The record time for remaining beneath water by a swimmer is four minutes twenty-nine seconds.

ADA HIGH'S GRID FUTURE APPEARS STRONGER DAILY

Football prospects at the Ada high school, which have been bright all the season, are slowly improving, according to Coach C. R. Cox, who this week took charge of the men. Seven letter men are reporting now.

Scrimmage and signal work has already been started. It has become evident, however, that considerable changes will have to be made to fill gaps caused by the graduation of McCoy and Cunnning. Potts is captain of the squad and much depends on his ability to guide the back field this season.

Rayburn, Gregg, Baker and Burkhardt are candidates for end positions. Rayburn is beginning to show his old form of last year that made him a favorite. Nettles, who has been running tackle, is to be shifted to the back field for a try-out and Wright and King will probably be used at tackles.

Morgan, a new guard, and Wiloughby will furnish the protection for the line, with Molloy, who worked well last season, going in at center again. Back field positions will be filled by Deaver, Potts, Carr, Hargis, Nettles and one or two new men.

PURDUE ELEVEN STARTS SEASON MUCH CRIPPLED

LAFAYETTE, IND., Sept. 7.—James Phelan, who will take up the task of rebuilding the football prestige of Purdue university this fall, faces the difficult task of constructing a team out of green material. Graduation took away practically all of the regulars of last season and Phelan, who is starting his first season at Purdue, must build up a new team.

Phelan was a star football player himself at the University of Notre Dame. Most of his coaching work has been done at the University of Missouri and he has become well known for his ability to teach the open field and passing game.

Followers of Purdue's football fortunes predict that Phelan's open field tactics will be an important factor in the showing which the team makes during the coming season inasmuch as both the line and backfield candidates that are available are of the light type. With few flyweights on the team, it will be necessary to play an open game depending upon speed and passing instead of mass plays.

Phelan reported at Purdue last spring and was in charge of the six weeks of training during the latter part of April and the month of May. Followers of the game here declare they are impressed with Phelan's coaching ability and expect him to make the Purdue eleven a strong contender in the Western Conference race.

DURANT—Two Bryan County boys, in search of a buried treasure as directed in a story told them by an old lady, may have uncovered a gold mine on the farm of S. L. Watson, five miles east of Achille.

Thompson Begins Work With 45 Choice Men to Develop Machine.

With approximately 200 per cent better men reporting this season than last, and with a line that is 25 pounds to the man heavier, Coach M. Z. Thompson today declared that his hopes for the forthcoming football season were growing and that he was confident of having a winning team.

About 45 men are reporting for work, which includes passing, kicking and track work. He will hold the men to dummy work and track until about September 15, when the scrimmage and signal work will be taken up. With this schedule, it is believed he will have a strong combination for the opening game, October 6.

His best players are high school stars of the past season, with several men of experience on college teams. Many of the men of East Central's 1921 squad are also back.

There are several new candidates for every position on the team. Coach Thompson said. As yet he is unable to say what kind of a lineup he is likely to use. The back field is showing up well and he believes that its speed and the line weight will make up for weaker places on the team.

Considerable new equipment has been received and he will keep the men on hard work schedule until the season starts. Nine games will be played by the first string this season and he expects to win more of them than any team from the local institution has been able to take in a number of years.

The CANNING BEEHIVE

Few New Faces Appear
In the coaching ranks of the leading colleges for the coming football season.

But one of the changes which has aroused considerable interest and produced much joy in anticipation is the one which brings Kenneth Brewer back to Indiana University.

Old college football followers will recall that Brewer starred at Indiana at tackle and captained the team in the '90s. He stepped from college to a coaching job at Huntington and developed an unbeaten team two years in succession.

Then he coached the Fond du Lac, Wis., high school. Then for three years, he coached Lawrence University and won 80 per cent of the games the team played—against all kinds of opposition.

He also coached the Shortridge High School team with marked success.

Among the stars that Brewer produced are Dave Allerdice, all-American fullback at Michigan and Haze Clark, great fullback at Indiana.

BLACKWELL GAS WELL TO SUPPLY SMELTER

(By the Associated Press)
BLACKWELL, Sept. 7.—The gas well brought in late Monday night in Tonkawa oil field, which was yesterday estimated at 90,000,000 feet per day, has been gauged and tests 74,000,000 feet according to R. R. Thompson, conservation officer. The gas, it is said, has been contracted by the Blackwell smelter, which has been partially shut down because of the shortage of fuel.

Summers Chapel

Most everyone is picking cotton. There isn't very much to pick. Bro. Stone and Bro. Vandell closed their revival meeting Wednesday night.

Everyone in this community attended the association at Yeager Sunday.

George Anderson is visiting his brother.

Floyd Wood spent Sunday night with L. D. Haskins and family.

Mr. and Mrs. Alex Summers spent Tuesday night with her sister, Mrs. Fronis Pennington.

Mrs. Crumpton is on the sick list. Miss Neva Ledford and Frankie Pierce were quietly married Saturday.

Mr. and Mrs. D. Burks are the proud parents of a big baby boy.

For Sale or Trade

Improved 80-acre dairy and poultry farm, 2 miles from Ada, Okla., about 50 acres in cultivation, the remainder in timber and pasture. Abundantly watered with springs and wells. The best layout for a dairy and poultry ranch in the country. Will include 15 dairy cows, other stock and equipment. The dairy herd will pay the entire purchase price in 4 years. Small payment with easy terms. Call at the News Office, or get in touch with

Chas. Auten
Ada, Okla.

NOTICE OF MEETING

Notice is hereby given that the Board of Commissioners of the City of Ada, Oklahoma, will meet on the 16th day of September, 1922, at 10:00 A. M., in the City Hall of the City of Ada, Oklahoma, for the purpose of reviewing the Report of the Board of Appraisers, making appraisal and apportionment of cost to the various lots and tracts of land benefited by the paving, grading, curbing, draining, and otherwise improving of Street Improvement District No. 11, same being:

South Broadway from the South line of Twelfth Street to the center line of Thirteenth Street, including street intersections and alley crossings where not now paved, within said limits.

The Board of Appraisers consisting of L. T. Walters, B. M. Bobbitt, and A. H. Constant, met on the 2nd day of September, 1922, and filed with the City Clerk their unanimously approved report, together with a schedule of assessments which they designated Exhibit "A".

At the said meeting, the Board of Commissioners will sit as a Board of Review, and will hear and adjust any complaints, and review any appraisal and apportionment made by the Board of Appraisers, as provided by law, and will review, correct, raise, or lower the same as they shall deem just, and will adjourn from day to day and from time to time until their labors are completed. At said meeting, all persons interested may appear and be heard.

Signed this 5th day of September, 1922.

CITY OF ADA, OKLAHOMA
W. H. Fisher, Mayor and Commissioner of Public Justice and Safety. (SEAL)

Anti-Klan Party is
Talked Thursday by
Texas Combination

(By the Associated Press)

SAN ANTONIO, Sept. 7.—Plans for the organization of the Texas anti-Ku Klux Klan political party, combining the anti-Klan democrats and republican forces, were considered at a conference today between H. D. Lindsey, former mayor of Dallas, and R. H. Creager, of Brownsville, republican state chairman.

Financing the campaign of the party candidate for United States Senator was the chief consideration of the conference, it is understood.

DRUG ADDICT'S HUSBAND SUES FOR \$100,000

Mrs. Marrabel Howard Rockwell Schaefer, under observation in Chicago hospital as drug addict.

Nicholas Schaefer, army sergeant and husband of Mrs. Marrabel Schaefer, recently found in a negro drug den in Chicago, is suing Oscar Bunte, millionaire candy king, for \$100,000, alleging that he maintained her in an apartment and furnished her with funds with which she bought drugs until she became a hopeless addict. Bunte denies the charges.

PIRATES KIDNAP THREE WORKMEN

Rescued Sailors Assert
Steamer Blakely Took
Them Off to Sea.

(By the Associated Press)
PHILADELPHIA, Sept. 7.—A tale of being shanghaied by treasure seekers on an expedition for the Lusitania gold was told by three men who jumped into the Delaware river yesterday as the vessel was steaming seaward. They were picked up by a tug.

The men said they had accepted work offered them by a fireman of the steamship "Blakely" outfitted here by a salvaging company for the Lusitania project. They understood, they said, the vessel was not to sail until tomorrow but that while they were at work in the hold of the craft, it started seaward. When they remonstrated with the captain, they continued, he refused to pay any attention to them and they jumped.

The tug which picked them up reported the "Blakely" had signaled that three men listed neither as passengers or crew, had been discovered aboard and had dived overboard.

DOROTHY RALTON ZEALOUS PLAYER

Featured in "The Siren Call" She Is Always Smiling

Charm and vivacity are two of the outstanding characteristics of Dorothy Dalton's, Paramount star. They are a part of her. They are not evanescent traits apparently only on dress parade, but they are always in evidence.

In the filming of "The Siren Call," Irvin Willat's latest production, which comes to the McSwain theatre next Friday Miss Dalton was the leading figure in many situations which would have tried the patience of a less equable star. Under the heat of the studio lights she had to dance scene after scene in an Alaskan casino; she had to be kissed by a large group of bewhiskered prospectors, and she had to pose in many emotional situations. In other scenes, taken in the mountains of California, her athletic training was called upon to the limit, but she always came through with a smile.

She has always been that way, and that is why her circle of admirers is always widening. When she was a child in Chicago she wanted to be an actress. Her parents wanted her to be a lawyer, but when she graduated from the American Conservatory of Dramatic Art she achieved her ambition.

For a time she was with the Virginia Harned Stock company. Later she played with Hart Conway for two years in ingenue roles. Then after a plunge into vaudeville, she went into pictures, with the Thomas H. Ince forces. Her versatility and charm soon brought her stardom in Paramount pictures. She is five feet, three inches tall, and of the brunette type. Outdoor sports appeal strongly to her, and she specializes in motoring and horseback riding.

NOTICE:

To all who are subject to pay street or work streets and have not done so will please report at once. We have granted an extension of time to some but we cannot extend any further time. Please attend to this at once.

Commissioner of Finance. 9-7-22

Farmers' Column

By Byron Norrell

Mrs. Duvall reports 63 canning demonstrations during the present season. This has meant a lot of work but the result is seen in the exhibits at the fairs.

I am not a prophet nor am I one to advise the farmers on how to run their business, but just now it looks to me as if the price of corn is quite a lot below what it will be later. With short crops in Texas and Western Oklahoma it appears certain that a demand for corn will soon raise the price in Pontotoc county. Furthermore, the law of average points to a short crop here next year. We have had four good corn crops in a row, something that has not happened here in recent years, and it is too much to expect to get another, although it is not impossible at all. Of course I may be entirely wrong in my guess about the price of corn, hence the only advice I am offering is for every fellow to do his own guessing.

Some 25 or 30 bales of cotton arrived in Ada Wednesday. A large part of the crop is already open and ready for picking, owing to the hot winds forcing most bolls open prematurely. The declining price is not encouraging but we can only hope to see a change shortly.

I have two stalks of Oklahoma Triumph 44 cotton in my office. They are from R. P. Price's farm near Lawrence. I have been too busy to count the bolls, but if any one cares to examine the stalks he is welcome to do so.

Syrup making is in full blast now and enough will be made in Pontotoc county to provide lots of sweetening. Farmers were by syrup this year as by everything else; they tried to raise enough at home

to make it unnecessary to buy any. Some syrup of good quality is being made and there will be a nice surplus to sell.

The good corn crop has stimulated demand for hogs. Farmers report many inquiries but not many hogs to sell at this time.

Prof. McCormick, head of the department of agriculture of the East Central Teachers college, has an experiment patch of various kinds of sorghums on a corner of the college campus. Among the varieties are kafir, feterita and darso. The last named is much better headed than the others and another important feature about it is that the sparrows do not eat the heads as much as they do the others, probably because the seed are red and do not look as attractive to the birds.

Prof. Glenn Briggs gives the following account of the development of this grain sorghum. Some ten years ago a farmer in Logan county found a head of it in his field and not knowing what it was sent it to the A. & M. It was as new to the men there as to the farmer and it was sent to Washington where it was also pronounced something entirely new. It was sent back to the A. & M. and from that head sprang all that has been grown since. It was given its name at the college. Prof. Briggs says it is of special value in the dry regions and that its grain is as good for feed as any of the other sorghums.

WIFE OF FORMER LOCAL MINISTER DIES IN TEXAS

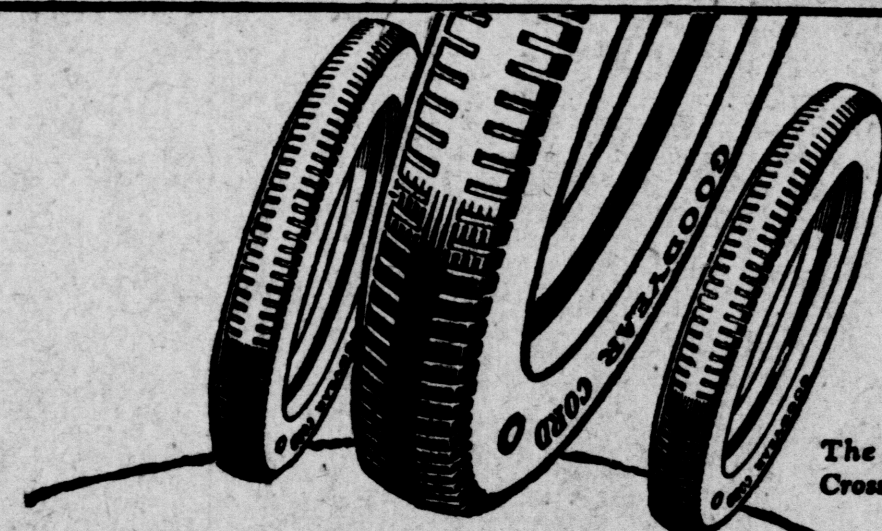

Mrs. Roberta Carey, wife of Rev. Thomas Carey, pastor of the East Ardmore Presbyterian church, and formerly pastor of the Ada Presbyterian church, died last week in a sanitarium at Fort Worth, Texas, according to word received here Thursday. She had been in poor health for several months and has been undergoing treatment at Ft. Worth for some time. Funeral services were held at Denison, Texas.

The new Goodyear
Cross-Rib Tread Cord

Did You Get the Bottom Price, After All?

The man who buys a "long discount" tire usually finds himself troubled by the above question.

Did he pay less for the tire than his neighbor might have paid, or actually did he pay more?

Did he get the bottom price, when all is said and done, or could he perhaps have driven a sharper bargain?

Was the net price really more than he might have had to pay for a tire of established reputation and value?

In the belief that the average motorist prefers a frank and open transaction, we built the new Goodyear Cross-Rib Tread Cord and discounted the "discount" in advance.

Instead of listing it at a high price, to enable the dealer to attract you with a so-called "long discount," we list it as low as we profitably can.

We build it of high-grade long-staple cotton, using the patented Goodyear method of group-ply construction, and sell it at a lower price than you are asked to pay for many "long discount" tires of unknown worth.

Compare these prices with NET prices you are asked to pay for "long discount" tires

30x3 1/2 Clincher.....	\$12.50	32x4 Straight Side..	\$24.50	33x4 1/2 Straight Side..	\$32.15
30x3 1/2 Straight Side..	13.50	32x4 Straight Side..	25.25	34x4 1/2 Straight Side..	32.95
32x3 1/2 Straight Side..	19.25	34x4 Straight Side..	25.90	33x5 Straight Side..	39.10
31x4 Straight Side..	22.20	32x4 1/2 Straight Side..	31.45	35x5 Straight Side..	41.05

These prices include manufacturer's excise tax

Goodyear Cross-Rib Tread Cord Tires are also made in 6, 7 and 8 inch sizes for trucks

ENGINEER BLAMED FOR DEATH OF 37

Youths Sing Despite Death

"Thank God We're All Alive" Father Rejoices, Not Knowing Three Children Perished in Train Wreck

SULPHUR SPRINGS, Mo., Aug. 7.—A pile of twisted steel and broken wood was all that remained in Sulphur Springs today to remind the villagers of the Missouri Pacific wreck Saturday night, in which 24 persons were killed and more than 100 injured.

The villagers gathered at the scene of the wreck, and while the general situation was discussed, the principle topic of conversation was the Degonia family, three of whom were killed in the wreck and three others seriously wounded. The family had been living in poverty in Deslog, Mo., for two years because of the inability of Tom Degonia, the father to obtain employment. A month ago he went to St. Louis, obtained work, and communicated the good news to his wife. He had rented a home in St. Louis and his family was to join him Saturday night. Instead of waiting in St. Louis for them, he planned a surprise and went to

Riverside, three miles south of here, to join them. He brought presents for the four children and a new hat for his wife.

The crash came, and the family of six were sprawled along the tracks. Three of the children, Ralph, 6, Melvin, 5, and Robert, 14 months old, were dead. The mother and father were injured seriously as was Mildred, 7, and when placed on a cot the little girl was mumbling the Lord's prayer.

Degonia, not knowing three of his children were dead, reached over and pressed the dead body of Robert to his breast, offering thanks to God that "we are all alive."

Just about this time, crowds of morbidly curious persons arrived and young men and girls stood about laughing and shaming. In an automobile near where the Degonia family lay on their bed of cinders, a youth strummed a ukelele and several girls joined in crooning a Hawaiian love melody.

Gov. Harding Denies He Ever Speculated in Cotton Markets

(By the Associated Press) WASHINGTON, Aug. 7.—Governor Harding of the Federal Reserve Board today addressed a letter to Chairman McLean of the senate banking and currency committee declaring that he has never speculated in cotton or taken any personal interest in the cotton market since becoming a member of the board.

Although the letter mentioned no names it indicated that it was written in connection with the speech made Saturday in the senate by Senator Heflin, democrat, Ala., who expressed the belief, which he said was shared by "lots of people" that Governor Harding had speculated in cotton during the time he termed the deflation period.

MINER'S STRIKE MAY BE BROKEN

Bituminous Operators and Union Leaders Gather At Cleveland Today.

(By the Associated Press) CLEVELAND, Aug. 7.—Action towards breaking the nation-wide coal strike in the bituminous fields was under consideration of union leaders and coal operators who began a series of conferences here today.

While only operators of the central competitive field had been invited to the conference, President John L. Lewis, of the miners, indicated that the conference might later be ready to include operators from the outlying fields.

Mr. Lewis held out the hope of an early settlement and return to work by the soft coal miners. Before the conference opened, the prospects were that operators producing at least 65,000,000 tons of coal annually would participate. This amounted to approximately one-third of the average production of the central competitive field.

President Lewis' statement holding out hopes for a settlement was received favorably by the miners' representatives.

THREE INDICTED FOR BIG FRAUDS ON GOVERNMENT

(By the Associated Press) WASHINGTON, Aug. 7.—Indictments were returned today by the special grand jury investigating alleged war frauds against Ernest C. Morse, former director of sales of the war department, Everly M. Davis, president of the E. N. Davis Chemical Co. of New York, and Alexander W. Phillips, associated with Davis.

The three men, all of whom live in New York, were charged in the indictment with having defrauded the government out of more than a million dollars in connection with the sale of the war plant of the Old Hickory Powder Company near Nashville, Tenn.

SPEEDING TRAIN SMASHES 4 CARS IN FATAL WRECK

Dead Pilot Ignored Signal, Officials of Missouri Pacific Declare

GIRLS HELP INJURED

Willing Hands Bind Many Wounds of Suffering Passengers.

(By the Associated Press) SULPHUR SPRINGS, Mo., Aug. 7.—Eye witnesses were summoned today before a coroner's jury at Desota to recount details of the rear end collision of the two Missouri Pacific trains here Saturday when 27 are known to have been killed and 138 injured.

Coroner Elders promised a thorough investigation of the circumstances which caused the disaster the worst train wreck in history of this part of the country.

W. Matt Flynn, dead engineer of the fast train that ploughed through four coaches of the local train near the station, was blamed for the accident according to the report of John Cannon, assistant general manager of the road.

Relatives of the dead and injured are demanding thorough investigation. This was promised by authorities of Jefferson county.

Crews to Tell Story The crews of both trains were summoned by the coroner to give their verdict of the accident.

Officials of the road including Assistant General Manager Cannon, declared that the block signals were found to be in order after the crash occurred and all were unanimous in their assertion that Engineer Flynn did not heed the warning signal.

All day yesterday rescuers were busy removing the wreckage. Tales of miraculous escapes were related, mingled with tales of pain and horror.

Stories of young girls offering their assistance in caring for the injured and dead were numerous. Some were seen hurrying from one victim to another, bandaging their injuries, washing their wounds and giving what assistance they could.

SOME COTTON BEYOND DANGER, DIAL ASSERTS

Hardy Dial was exhibiting this morning several stalks of cotton from the fields of T. A. Starritt and Jim Greer northwest of Ada. These stalks contained from 12 to 15 bolls, seemingly beyond the danger stage Mr. Dial says the danger have been dragging and brushing their cotton while some of their neighbors have not. Mr. Dial insists that the cotton which has not been dragged is suffering badly from ravages of the weevil, while the other is not.

Manitou.—A three-day assembly, the annual Old Settler's picnic is being held here Wednesday, Thursday and Friday. The event is attended by great numbers of people from all parts of Tillman county. Prior to the opening day a delegation of citizens toured the county in motor cars, carrying a band and a pair of specialty dancers who performed in the streets when the caravan halted.

President Known to Have Plan for Ending of Strike

(By the Associated Press) WASHINGTON, Aug. 7.—President Harding will announce some time today a new plan which he hopes will lead to a termination of the railroad shopmen's strike, it was announced at noon by William H. Johnson, head of the machinists union after he and other union leaders had conferred with the president.

Mr. Johnson with B. M. Jewell, general leader of the striking shopmen, and J. P. Noonan, president of the electrical workers' brotherhood, spent nearly an hour in conference with the president but professed to have no knowledge as to the forthcoming statement from the executive.

DESOLATION IS ALLY OF STORM

China Trembles as List of Deaths in Typhoon Steadily Grows.

(By the Associated Press) HONG KONG, CHINA, Aug. 7.—With casualties estimated at 10,000, reports today revealed the full extent of the typhoon and tidal wave which last Wednesday swept the port of Swatow, 250 miles north of here.

Two British steamers had been reported ashore and today it was learned that a third, bound from Hong Kong to Shanghai, was wrecked but that her passengers were saved.

Desolation hovers over the wrecked city and horror haunts its streets. In the native quarters hundreds of dead bodies and carcasses of animals are mingled with the debris. It is estimated that more than 75 percent of the city buildings were destroyed.

The American consul and the Standard Oil Company go-down, or warehouses, were slightly damaged. At midnight Wednesday, fire broke out in a Chinese hotel, gutted it and added to the terrifying experiences of the inhabitants.

The destruction was almost complete with the exception of the Chinese post office, a new three story building. No building entirely escaped damage.

The tidal wave which swept the land, or road along the harbor, at the height of the typhoon, inflicted considerable damage to water front buildings. Ten thousand dollars have been subscribed by the British in Hong Kong to help the destitute.

Northcliffe Sinking LONDON, Aug. 7.—A bulletin by physicians attending Viscount Northcliffe this morning said there had been a rapid increase in the patient's weakness and that his condition was considered very grave.

Weather

Cloudy tonight, scattered thunder showers and colder, Tuesday generally fair.

Ardmore.—Active work on hard-surfacing approximately one hundred miles of roads in Carter county, made possible by the \$500,000 road bond issue voted last November by citizens of the county, and recently declared valid by the state supreme court, is to begin Aug. 1. County Engineer D. G. McCulley has announced.

The first periodical was published in France in 1665.

ROAD AGENT AND STRIKER KILLED IN FIERCE RIOTS MONDAY IN JOLIET SHOPS

(By the Associated Press) JOLIET, Ill., Aug. 7.—Special agent Phillip Reitz of the Elgin, Joliet and Eastern railroad, and an unknown striker are dead and Sheriff James Newkirk is seriously wounded as a result of riots which broke out here this morning at the railroad yards.

The trouble is believed to have started over the shooting of strikers last Saturday. What started the shooting this morning could not be learned immediately. Sheriff Newkirk who has been searching strike pickets daily for arms, usually went unarmed himself.

The sheriff's office called state troops after it was decided that local authorities were unable to cope with the situation.

Thirty are Called to Explain Attack in Spite of Court

(By the Associated Press) ENID, Aug. 7.—Thirty persons, who participated in the four alleged separate attacks on Frisco railroad employees here late Saturday night, will be cited to appear before Judge J. R. Cotterell at Guthrie for violation of the strike injunction order, it was stated here Monday morning by Deputy United States Marshal Al Thrasher, who has been investigating the alleged assault. Thrasher said he would present the names of the men accused of participation in the attack to Judge Cotterell Monday afternoon. He stated one of the men indicted is a local business man.

FATHER AND SON KILLED IN CAFE

Elder Slayer is Captured But Son is Sought by Officers Monday.

(By the Associated Press) TULSA, Aug. 7.—John Gaither and his son, James, of Katala, Okla., were shot and instantly killed by James and H. G. Wilson while eating in a restaurant at Catoosa yesterday afternoon, according to reports received here from the sheriff at Claremore, where the elder Wilson's son is being hunted today by county officers. They say that Wilson and his son had been drinking, entered the restaurant and began shooting without cause. Both the Gaithers were unarmed.

Wilson and his son are well known real estate and cattle dealers of Catoosa, the elder one having formerly been city marshal of the town.

Settlement through the railroad labor board, the president is said to believe, is the only practical course for the government to seek.

RAIL SHOPCRAFT HEADS IN CONFERENCE MONDAY WASHINGTON, Aug. 7.—The trio of railroad shopcraft leaders, B. M. Jewell, general strike leader, W. H. Johnston, of the machinists and J. P. Noonan, of the electrical workers, went into conference this afternoon on President Harding's new strike settlement proposal. There were indications that the proposal had not made a favorable first impression.

Preliminaries in Golf Tourney are Ended by Players

Preliminaries in the Elks' Golf Tournament have been completed. Players who qualified in the first round are now looking forward to the semi-finals which will start tomorrow and continue until completed, which date must not be later than Wednesday, August 13, according to Harry Schienberg.

Winners in each of the semi-final matches will then go into the finals, the players who lose being eliminated until only the champion is left. In the preliminary rounds ladies who qualified made scores of 150 strokes or better. Men were required to make scores of 120 or better, for the 18 holes.

Semi-final matches between the women will be played as follows: First match, Mrs. H. P. Schienberg, Mrs. Roy L. Givens, Second match, Mrs. A. W. Parker, vs. Mrs. C. M. Thussen, Mrs. J. H. Patton will play one of the winners of the first two matches. The two left will compose the team for the finals.

Men's matches will be decided later this week, it was said.

As It Seemed

It was down in Louisiana and hot. The outfit, certain for many weary months, to be the very next to go over, finally landed on a stretch of wilderness out from Camp Beauregard, fated to become an artillery range. For three weeks picks and shovels had been the implements of guerre and digging the order of the day.

He was a diminutive recruit and nothing of him showed above the top of the pit from which sweat and dirt were flying.

"Join the Army and see the earth," he paraphrased a popular slogan, and added with justifiable sarcasm, "a shovelful at a time." — American Legion Weekly.

Stillwater.—T. S. Fisher, an alumnus of the Oklahoma A. and M. college, has been named farm demonstration agent for Jackson county, succeeding Roger E. Perry, who resigned recently. It has been announced here.

POSSES SCOURING HILLS FOR NEGRO

Black Flees After Laying Officers Low in Gun Battle Sunday.

(By the Associated Press) HUGO, Aug. 7.—Posses augmented by additional volunteers today continued to scour Choctaw county in search of a young negro who is believed to have fired the bullet which yesterday killed Prohibition Agent E. G. Wiggins, a member of a raiding party, operating near Steer, ten miles north of here, in a hunt for illicit whiskey stills.

B. H. Pendergraft, another federal agent, was dangerously wounded and Y. C. Reed, the negro's father was killed in the exchange of shots which followed the attack upon the two officers as they approached Peed's house.

According to other members of the party, who were with the officers at the time, the two officers were within a few yards of the negro's shack when, without warning they were met with a deadly revolver fire. Wiggins was killed instantly, Pendergraft, although he had been felled by the negro's shots, sent ten bullets into Reed's body.

When he saw his father die, the youngster took to his heels in time to escape the remainder of the raiding party, which was attracted to the scene by the firing.

WEEK-END HAULS BY CITY'S COPS AIDS CITY FUND

Eleven cases were on docket at police headquarters this morning—the fruits of an active week-end on the part of city "cops."

Most of the cases were on charges of fighting and drunkenness. A Miss Patterson, May Gaar and Thelma Martin were charged with fighting. The first two women were fined \$8.75 each. Thelma Martin's case is pending.

Joe Correll and Buddy Bruner, each charged with carrying concealed weapons were found guilty and fined \$19.75. Anna Lynch and Cora Wade, pleading guilty to charges of disorderly conduct, were fined \$8.75 each.

George Reed pleaded guilty to speeding and was fined \$5.75. Ocie Eabb, Barney Abbott and Will Bure, all charged with being drunk, will be given trial later today.

EMPIRE GEOLOGIST BACK FROM MEXICAN FIELDS

George D. Morgan, geologist for the Empire Gas and Petroleum Company, has returned to Ada after a trip into the oil fields of old Mexico. Mr. Morgan states that many of the large wells in the Tampico district have recently gone into salt water and that production has been cut to small figures.

Mr. Morgan has been at work in Pontotoc County for his company for many months and will be here for three or four months longer. Being interested only in the geological end of the business, Mr. Morgan does not know what his company is planning to do in the fields here.

Gold was discovered at Placerville Cal. in 1848, only eight miles from the present Lincoln Highway.

WALTON THINKS HARMONY AHEAD

Nominee Declares No Split Will Develop in Ranks of Democrats.

(By the Associated Press) OKLAHOMA CITY, Aug. 7.—Mayor J. C. Walton of Oklahoma City in his first public utterance since his nomination as democratic candidate for governor declared that there will be no split in democratic party and that "all but a few soreheads will get together and work together."

The mayor promised to issue a formal statement tomorrow at noon on the present party conditions. Supplementing his assertion today, Mayor Walton said he anticipated little opposition from various "factions" with party prejudices. Answering a question, he said that present indications are that Ed M. Semans will remain as head of the state central committee and "all will work in harmony."

PUMPS SENDING WATER OF CITY LAKE INTO ADA

For about six hours Sunday pumps at the city lake were working.

For the first time in a number of years lake water was being forced up the long hill to the little standpipe. Walter Smith, water commissioner, said today that only one or two adjustments were necessary before the water could be started permanently.

Industrial plants of the city will be supplied with lake water, he said, and with the large demand taken from the supply being received daily from Byrd's Mill, he was of the opinion that the water question for the city would be answered for the time at least.

It was intimated that the pumps, which were being handled with care today because of their long standing idleness, would be working within a few hours and that the new pipe line which was finally connected Saturday, would start supplying the industries of the city.

SMOOT BLOCKS EFFORTS TO OPEN INVESTIGATION

(By the Associated Press) WASHINGTON, Aug. 7.—Efforts to bring up the Harrison resolution proposing an investigation of the charges that merican government officials sought to have Cuban sugar producers curb their crop this year in return for reduced tariff duty on sugar, were blocked today in the senate by Senator Smoot, republican, Utah.

Treasurer Suspended

STILWELL, Okla., Aug. 7.—W. W. Wright, republican treasurer of Adair county, this morning was suspended from office by District Judge J. J. Jarman of Stilwell until October when Wright will be tried on charge of unlawfully disposing of county property.

County Convention May Settle Big Question

Whether Pontotoc county's heavy democratic guns will be trained upon the Farm-Labor league and J. C. Walter, the reconstruction candidate nominated in the statewide primary last Tuesday or upon their enemies in the republican camp, may to some degree depend upon action taken by the county Democratic convention to be held at the court house Tuesday afternoon August 8, at 2 o'clock.

Advised purpose of the meeting is to select 13 delegates to the state convention at Oklahoma City August 15. This was the only announcement made definite Monday by Robert Wimshah, county chairman, in repeating the convention call to all precinct delegates.

But back of every political move now, according to well informed leaders, there runs the dominating question of "Walton or Fields?"

Arrangements for the county convention. Reports had not been received from outlying precincts to day. Ada wards elected delegates to the county convention as follows:

Ward 1.—J. F. McKeel, John Crawford, Dr. F. R. Laird, George Harrison, George Burris, Ed Haraway, Mrs. George Harrison, Mrs. J. O. Abney, T. B. Blake, John H. Cox, Dr. Sam McKeel, Leonard Braly and Mrs. Driskill.

Ward 2.—Edwin Wright, J. E. Webb, Charles Thomas, Andy Chapman, Mrs. M. Bronaugh, Mrs. McKinney, Mrs. R. L. Saunders, and Mrs. Fred Brydia.

Ward 3.—John Thompson, Felix Houtp, Enoch Gregory, E. N. Jones, Mrs. Felix Houtp, Mrs. Buck Price, Miss Bessie Thompson, Mrs. T. Z. Morrow.

Ward 4.—D. W. Swaffar, J. W. Dean, R. E. Couch, J. C. Deaver, J. M. Stanfield, Joe Sloan, B. C. King, R. A. Strickland, J. M. Ed-

minston, W. L. Loman, L. J. Little, Harmon Ebey, D. W. Huffar, Mrs. Dick Cope, O. F. Davidson, and E. S. Collins.

Besides representatives from the four Ada wards, there will be 57 delegates to the county meeting next week, providing some outlying precincts do not follow the lead set by a few Ada wards in electing double their quota of delegates and splitting the voting power carried by each. This was done by Wards 3 and 4.

In this case the number will be much larger, the total probably reaching 100.

Mrs. C. A. Galbraith of this city attended Saturday a business meeting of the state democratic executive committee at which an immediate state convention was urged since, it was asserted, "every moment lost is driving democratic voters into the camp of John Fields."
